

## Benefits of Driving an Electric Vehicle

**LOWER COST TO DRIVE**  
Save with less maintenance and lower cost per mile.

**FEDERAL TAX INCENTIVE**  
Qualify for a federal income-tax credit of up to \$7,500.

**HOV/ZIPPER LANE ACCESS**  
Use high-occupancy and zipper lanes without passengers.

**CLEAN AIR**  
Produce fewer emissions, and charge with renewables.

When charging on the go, keep in mind the differences in charging technology and speed.

- ◆ LEVEL 2 CHARGE  
1 hour = At least 12 miles of range
- ◆ FAST CHARGE  
15 minutes = About 43 miles of range
- 🔌 HAWAIIAN ELECTRIC FAST CHARGE

## Charging Stations

Many EVs can go 100+ miles on a full battery. In Hawai'i, where the average commute is less than 40 miles, many EV drivers choose to charge at home. There are also many options if charging is not available where you live, or you need a boost on the go.

### \*Nissan No Charge to Charge

Two years of complimentary 30-minute public DC fast charge sessions at participating locations with a new Nissan LEAF® purchase or lease. Contact a local Nissan dealership for details.
