# Reducing Our Dependency on Oil

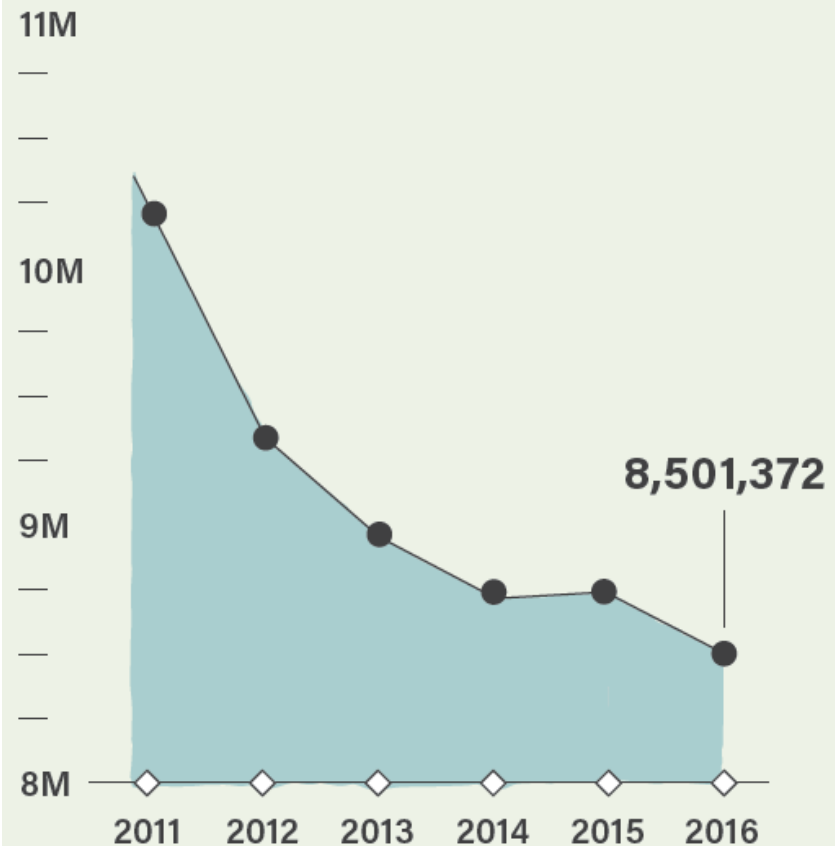

Reducing dependency on oil and achieving a 100 percent RPS will require:

- A diverse portfolio of renewable energy resources
- Effective use of technologies such as energy storage
- Efficient energy use
- Resilient, modern power grids

The screenshot shows the top portion of the Hawaiian Electric website. At the top is a dark navigation bar with links for 'HAWAIIAN ELECTRIC', 'RECIPES', 'CAREERS', 'CONTACT US', and 'LOG ON'. A search bar with a magnifying glass icon and a 'GO' button is on the right. Below this is a row of social media icons for Facebook, Twitter, Instagram, YouTube, Pinterest, LinkedIn, and another icon. The main header features the Hawaiian Electric logo (a stylized diamond pattern) and the text 'Hawaiian Electric', 'Maui Electric', and 'Hawai'i Electric Light'. A dark blue navigation bar contains links for 'My Account', 'For Businesses', 'Save Energy & Money', 'Safety & Outages', 'Clean Energy Hawaii', 'Community & Education', and 'About Us'. The main content area is split into two sections. The left section has a background image of a yellow hibiscus flower and green leaves, with the text 'Celebrate Arbor Day!' and 'Join us and get a free plant this Saturday, Nov. 4, starting at 9 a.m. Learn more >'. The right section has a teal background and is titled 'Online Customer Service Center'. It lists services: 'View and pay your bill', 'Stop or move your service', and 'Update your account'. Below this is a 'LOG ON' button. Further down, it asks 'Need to Register for an Account? Sign Up Today >' and lists 'Start New Service', 'Billing and Payment Info', and 'View Rates'.
