Company Name: _____

GRANT OF AUTHORITY

I hereby appoint and authorize the contractor listed above to act on my behalf in all manners relating to my Distributed Energy Resources (DER) application, including but not limited to, the authority to (i) request, access and receive directly from _____, on my behalf, all information and documentation relating to my proposed project, and (ii) make decisions and execute agreements, if required, regarding the proposed project.

This Grant of Authority shall remain in effect until _____ receipt of written termination of such Grant of Authority by Customer or resubmittal of an updated Grant of Authority.

I acknowledge that this authorization is granted for the sole purpose of my application, and for managing questions related to the system post-installation. Utility service outside of the PV system is not included, unless said information directly affects processing of my application. I understand that a new form must be submitted if I change my installing contractor.

I/We authorize submission of this Authorization in its original form as signed by me/us or by other means intended to preserve the original graphic and pictorial appearance of the signature(s), such as a photocopy or PDF scan. Such a copy or scan of my/our signature(s) shall be considered an "original" for purposes of this Authorization and _____ may rely upon such submission for all purposes expressed above.

Please read the additional acknowledgements on the following page and be sure to provide your signature.

ACKNOWLEDGEMENTS

By signing this form, I agree to the foregoing Grant of Authority and the following:

- ❖ The existing meter socket is in sound operating condition, or that it will be by the time permission to operate the proposed system is granted, and I understand that I am responsible for any upgrades necessary to meet current code requirements.
- ❖ I understand that proof of insurance may be required prior to execution of the program agreement (see the appropriate program's Rule or Tariff for specific requirements).
- ❖ I agree not to interconnect and operate this proposed system without prior written approval from the Hawaiian Electric Companies.
- ❖ The inverters used for this system will be compliant with all of the Hawaiian Electric Companies' current requirements and understand that proof of compliance with these requirements will be necessary prior to the execution of the program agreement.
- ❖ (1) The distributed generation facility shall meet the Hawaiian Electric Companies' Interconnection Standards stated in Appendix I: Distributed Generating Facility Interconnection Standard Technical Requirement of Rule 14; (2) the specific characteristics or needs of each distributed generating facility may change its interconnection requirements; and, therefore, (3) the distributed generation facility may be subject to additional interconnection requirements that are necessitated by the results of the technical review process.
- ❖ As the Technical Review of the proposed system may require a no-cost Supplemental Review, I pre-authorize a Supplemental Review.
