

Request for Information (RFI): As-Built HECO Facilities Cover Letter

Hawaiian Electric Company's (HECO) "Request for Information: As-Built Facility" is a no-cost service which provides our record drawings to the "Requestor" for their review in identifying conflicts with existing HECO facilities.

Hawaiian Electric Company makes no representation or warranty regarding the accuracy, completeness, or adequacy of such drawings. Provision of our drawings shall not relieve the Requestor or their contractor of their obligation to make independent field investigations. In accordance with Hawaii State law, please contact Hawaii One Call Center at 1-866-423-7287 or 811 prior to any excavation work. Lastly, Hawaiian Electric maintains specific requirements when any excavation occurs in the vicinity of our facilities as contained in the Hawaiian Electric Company Notes. These notes will be provided with our drawings if the project notes are not current and/or when applicable.

To facilitate timely and accurate execution, please complete and submit the RFI: As-Built HECO Facilities - Application with all pertinent documents and a signed waiver/hold harmless agreement through the online Customer Interconnection Tool (CIT) service request portal. Requests will be processed in the order they are received and typically within 90 working days.

Please be sure to include the following:

- ☐ Select request type:
 - Basic Request: By checking the "Basic Request", recipient will receive HECO's GIS surface layer mapping of the subject area.
 - Detailed Request: By checking the "Detailed Request", recipient will receive HECO's GIS surface layer mapping of the area and HECO's as-built plans of the area. For large residential areas with various streets, please section and label locations by priority (i.e. 1, 2, 3, etc.).
- ☐ Location description of the area that you require As-Built Facility drawings, including the street name and start & ending cross street(s). Please attach a separate document if more space is required.
- ☐ Clearly marked and in color scope of work location map, with associated street names and consultant's drawing (as applicable)
- ☐ Name, title, and contact method (phone & email) of requestor in case there are any questions.

Please contact us with any questions at: (808) 543-7070 or ci@hawaiianelectric.com.
