### Your Energy Partner

Aloha! We know that every Hawai'i business operates differently and has distinct energy needs. SmartBusiness Central provides resources to resolve common energy issues, plus tailored options for your business.

Our experienced staff will work with you to find opportunities to improve energy efficiency and reduce your operating costs. We can also assist with your electric service, engineering, power outages, billing and more.

When you need smart energy options for your business, we're ready to help. Together, we can build a more sustainable Hawai'i.

### Ask an Energy Expert

Find the answers you need quickly.

- Speak with our dedicated team of engineers, technicians and researchers.
- Know that your request is handled confidentially.
- Enjoy the promptness of our 48-hour response time.

### View Our Newsletter

Sign up for our monthly email newsletter and stay informed.

- Get access to the latest news and services we offer.
- Receive timely information on available business resources.

### We're Here for You
