Without limiting the foregoing, Customer Battery Storage-Operator expressly acknowledges the following:

- The Emergency Demand Response Program and its associated Scheduled Dispatch Program are subject to modification by the Hawaii Public Utilities Commission (“Commission”).

- Your Agreement and the Battery Storage Facility shall be subject to any future modifications ordered by the Commission. Such modifications may positively or negatively impact any potential savings in your electricity bill that were calculated by you or presented to you to support your decision to buy or lease a Battery Storage Facility and may otherwise change the value of your Agreement and Battery Storage Facility. FURTHER, BY SIGNING BELOW, YOU CONFIRM YOUR UNDERSTANDING THAT ANY POTENTIAL SAVINGS IN YOUR ELECTRICITY BILL THAT WERE CALCULATED BY YOU OR PRESENTED TO YOU TO SUPPORT YOUR DECISION TO BUY OR LEASE A BATTERY STORAGE FACILITY MAY CHANGE.

2. **Effectiveness of Agreement.** This Agreement shall not be effective until approved and executed by each Party, i.e., upon the Effective Date. Customer Battery Storage-Operator shall not operate the Battery Storage Facility prior to approval and execution of this Agreement by the Company, except to the extent allowed for by the Underlying Agreement or to the extent necessary to obtain governmental and utility approvals. Until this Agreement is effective, no Party shall have any legal obligations that extend beyond the Underlying Agreement, arising hereunder, express or implied, and any actions taken by a Party in reliance on the terms of this Agreement prior to the Effective Date shall be at that Party’s own risk.
3. **Underlying Interconnection Agreement.** Customer Battery Storage-Operator’s Battery Storage Facility enrollment and participation under the Scheduled Dispatch Program is contingent upon current enrollment of the underlying Generating Facility in the Company’s Net Energy Metering, Customer Self-Supply, Customer Grid-Supply, Customer Grid-Supply Plus, Smart Export, or Standard Interconnection Agreement programs as described in Rule Nos. 18, 22, 23, 24, 25, and execution and non-default of the Underlying Agreement. This Agreement shall supplement the Underlying Agreement which, as may be amended, shall continue in full force and effect notwithstanding the Customer Battery Storage-Operator’s participation in the Company’s Schedule Dispatch Program pursuant to this Agreement.

4. **SDP Tariff.** Unless otherwise provided herein, the terms and conditions governing Customer Battery Storage-Operator’s participation in the Battery Bonus Program shall be as set forth in Company’s SDP Tariff.

5. **Enrollment and Operation.** Customer Battery Storage-Operator hereby agrees to commit to the following capacity (kW) of maintained discharge from the Battery Storage Facility (“Committed Capacity”) on a preset schedule for a daily duration of two hours.

   Customer Battery Storage-Operator’s Committed Capacity: 

   The daily two-hour period during which the Committed Capacity will be dispatched (“Dispatch Period”) will be specified by the Company at the time of enrollment and may be revised by the Company with reasonable notice.

   a) Within 30 days of commencement of discharge of Committed Capacity, Customer Battery Storage-Operator must provide seven (7) consecutive days of operational performance data in five (5) minute intervals, if possible, or fifteen (15) minute intervals as necessary to verify the operation of the Battery Storage Facility in accordance with this Agreement. The Company shall complete such verification within 10 business days of the receipt of such performance data from Customer Battery Storage-Operator.

   b) If no reasonable requests for additional data or concerns are expressed regarding operation of the Battery Storage Facility as specified in this Agreement and communicated (in written or digital form) to the Customer Battery Storage-Operator by Company within 10 business day verification period, the Customer Battery Storage-Operator will be deemed verified as operating in compliance with this Agreement.

   c) Notwithstanding any other provision specified in the underlying program tariff in which the Customer Battery Storage-Operator participates or in the interconnection agreement to which the Customer Battery Storage-Operator is a party, as applicable, energy exported to the grid from the Battery Storage Facility during the Dispatch Period shall be permitted and, if applicable, compensated in accordance with the Customer Battery Storage-Operator’s underlying program tariff.

HAWAIIAN ELECTRIC COMPANY, INC.
Transmittal Letter Dated March 1, 2022.
i. For the first three (3) years of Battery Bonus Program participation, non-NEM customers will be compensated a fixed monthly export credit.

ii. Fixed monthly export credit = (retail rate ($/kWh) for the Effective Month– non-NEM DER tariff export rate ($/kWh)) x Committed Capacity (kW) x 70% x 2 hours x 30 days
   a. The Effective Month is defined as January of the applicable year for January, February, and March exports, April of the applicable year for April, May, and June exports, July of the applicable year for July, August, and September exports, and October of the applicable year for October, November, and December exports.

iii. Fixed monthly export credit will be zeroed out at the end of the year.

d) Energy discharged during the Dispatch Period from the Battery Storage Facility may either serve onsite load or be exported to the grid. Customer Battery Storage-Operator enrolled in Scheduled Dispatch is required to manage their DER systems to automatically prioritize battery charging during periods of substantial solar panel insolation in order to most reliably serve the two-hour battery discharge commitment as scheduled by the Company.

e) Customer Battery Storage-Operator shall use the default ramp rate of equipment for the Committed Capacity during the Dispatch Period. Deviations from the default ramp rate may be required in certain circumstances where the default ramp rate may pose adverse impacts to grid power quality. The Company will notify the Customer Battery Storage-Operator of any such deviation when the Dispatch Period is specified or revised.

6. **Term and Termination.** This Agreement shall continue for ten (10) years from the commencement of the discharge of Committed Capacity for the Dispatch Period in accordance with this Agreement. Customer Battery Storage-Operator may terminate this Agreement at any time with sixty (60) days written notice. If termination occurs prior to completion of its ten-year commitment, Customer Battery Storage-Operator shall return a prorated portion of the compensation received pursuant to the SDR Tariff. The prorated portion of the compensation shall be based on the remaining portion of the ten-year commitment, calculated from the date of termination as a fraction of the Customer Battery Storage-Operator’s ten-year commitment. Customer Battery Storage-Operator may either pay such owed amount in full or make other arrangements with the Company prior to termination. The Company will not charge interest on a payment if final payment is made within one year of date of termination. Company may terminate this Agreement at any time if Customer Battery-Storage Operator fails to comply with any term of this Agreement, the Underlying Agreement, or if the Customer Battery-Storage Operator fails to be an Eligible Customer Battery-Storage Operator.

7. **Failure to Perform.** If the Company identifies concerns or issues relating to the Battery Storage Facility’s performance, including, without limitation, potential non-compliance with this Rule pertaining to the discharge of Committed Capacity for the Discharge Period, the Company may conduct a performance audit to monitor and document conditions.
a) The Company shall provide the Customer Battery Storage-Operator written or digital notice at least seven (7) days in advance of any performance audit.

b) Customer Battery Storage-Operator shall be required to provide five (5) minute interval data, if possible, fifteen (15) minute intervals as necessary to verify operation of the Battery Storage Facility in accordance with this Agreement with five (5) business days of request from Company.
c) If the Battery Storage Facility fails to perform in compliance with this Rule, the Company will provide to the Customer Battery Storage-Operator a written notice of Failure to Perform, which will include documentation explaining the non-compliance of operation.

d) Customer Battery Storage-Operator will have 30 days from the date of such notice of Failure to Perform to cure the non-compliance.

e) If the non-compliance persists beyond the 30-day cure period, Customer Battery Storage-Operator (recipient of the one-time Incentive Payment, Monthly Peak Capacity Payment and Monthly fixed export credit (as applicable)) will not receive the monthly payments and may be charged up to $150 monthly until either the non-compliance is rectified or the Company has recovered the full prorated compensation paid to Customer Battery Storage-Operator pursuant to the SDR Tariff.

8. **Scope of Agreement.** The Parties understand and agree that this Agreement is contingent upon the Underlying Agreement and applies only to the operation of Customer Battery Storage-Operator’s Battery Storage Facility as specified by the Scheduled Dispatch Program.

9. **Metering.** Within fifteen (15) days of execution of this Agreement, the Company will supply, own, and maintain all necessary meters and associated equipment utilized for billing and energy purchase. The meters will be tested and read in accordance with the rules of the Commission and the Company. The Customer Battery Storage-Operator at its expense, shall provide, install and maintain all conductors, service switches, fuses, meter sockets, meter instrument transformer housing and mountings, switchboard meter test buses, meter panels and similar devices required for service connection and meter installations on the Customer Battery Storage-Operator’s premises in accordance with the Company’s Rule 14H.

10. **Compensation.** The terms regarding compensation to the Customer Battery System-Operator for its participation in the Company’s Scheduled Dispatch Program shall be as set forth in the SDR Tariff. If the battery system operator and owner of the battery facility are the same and has an account with Hawaiian Electric, that individual or entity must sign the Battery Bonus Program agreement.

11. **Data and Private Information.** Company access to personal data, including information for tax reporting purposes, data related to the Battery Storage Facility performance and usage, electrical utility account information, usage history, and meter data is required for enrollment under the Company’s Scheduled Dispatch Program. All data access, use, and sharing is subject to the terms of Hawaiian Electric’s Customer Information Privacy Policy (available at https://www.hawaiianelectric.com/privacy-notice/customer-information-privacy-policy) and applicable law.

The State shall use reasonable good faith efforts to pursue any approvals from the Legislature and the Governor that may be required to obtain the funding necessary to enable the State to perform its obligations or cover its liabilities hereunder. The State shall not request Company to indemnify the State for, or hold the State harmless from, any claims for such damages or injury.

Company shall not request the State to indemnify Company for, or hold Company harmless from, any claims for such damages or injury.”

b) The Company shall indemnify, defend and hold harmless the Customer Battery Storage-Operator, and its officers, directors, agents and employees, from and against all liabilities, damages, losses, fines, penalties, claims, demands, suits, costs and expenses (including reasonable attorney’s fees and expenses) to or by third persons, including the Customer Battery Storage-Operator’s employees or subcontractors, for injury or death, or for injury to property, arising out of the actions or inactions of the Company (or those of anyone under its control or on its behalf) with respect to its obligations under this Agreement, except to the extent that such injury, death or damage is attributable to the gross negligence or intentional act or omission of the Customer Battery Storage-Operator or its officers, directors, agents or employees.

c) Nothing in this Agreement shall create any duty to, any standard of care with reference to, or any liability to any person not a party to it.
13. **Limitation of Liability.** Neither by inspection, if any, or non-rejection, nor in any other way, does the Company give any warranty, express or implied, as to the adequacy, safety, or other characteristics of any structures, equipment, wires, appliances or devices owned, installed or maintained by the Customer Battery Storage-Operator, including without limitation the Battery Storage Facility and any structures, equipment, wires, appliances or devices appurtenant thereto.

The affected Party will specify in reasonable detail the circumstances of the Force Majeure Event, its expected duration, and the steps that the affected Party is taking to mitigate the effects of the event on its performance. The affected Party will be entitled to suspend or modify its performance of obligations under this Agreement, other than the obligation to make payments then due or becoming due under this Agreement, but only to the extent that the effect of the Force Majeure Event cannot be mitigated by the use of reasonable efforts. The affected Party will use reasonable efforts to resume its performance as soon as possible.
