# Look Who's Saving \$1,000s On Their Electric Bill.

The **Waikiki Galleria Tower** is the newest partner in Hawaiian Electric's energy-saving program, Fast DR (Demand Response). Organizations that qualify will receive \$3,000+ in electricity credits per year and help Oahu use more renewable energy. To sign up, call 94-POWER (947-6937) or visit [dr.heco.com](http://dr.heco.com).

View our new webinar at [dr.heco.com](http://dr.heco.com) to learn about the benefits of Fast DR.

*"By reducing our energy costs under the Fast DR Program, we provide our tenants with the added benefit of reducing our common area expenses here at Waikiki Galleria Tower. As an active Fast DR participant, NAI ChaneyBrooks is helping Hawaiian Electric to control electricity demand during critical energy periods."*
